RELIABILITY, PASSION
AND COMMITMENT
**ARE OUR VALUES
AND THE KEYS
TO OUR FUTURE.**

The Company was founded in 1980 as a simple sales office in Novi Ligure (ITALY), by Bruno Pedemonte's considerable experience in the steel industry. In just a few years thanks to his outstanding managerial skills, his company has been recognized by the international market, becoming a competitive and dynamic business. Today — under his direction — his daughters Barbara and Antonella are running the family business with passion, always aiming at business innovation, technology and ethical environmental responsibility. Our aim is to supply a reliable service thanks to careful planning, constant collaboration and an expert and trained Staff. Our service is very flexible and meets the Customer's needs with expertise and empathy.
